DETAILED ACTION

Allowable Subject Matter

1. Claims 1-6 are allowed.

The following is an examiner's statement of reasons for allowance: The allowability of the claims resides, at least in part, that the closest prior art of record **Rock et al. (US 5,555,481)** does not disclose or suggest, alone or in combination the step of:

Regarding independent claim 1, **separately modeling each material as a single or multiple solid part under the assumption that multiple material or voids are not present; ordering the parts from the outermost geometry to the innermost geometry**, in combination with the other elements and features of the claimed invention.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
